

ANNUAL REPORT 2021

PRESIDENT'S REPORT

The long standing premise on which credit unions have built their existence is people helping people. Today more than ever, that philosophy combined with Excel's mission of understanding and meeting the needs of our members has made us the credit union we are today. We are strong. We are growing, and we are member-dedicated in every way.

Through 2021 and going into 2022 we have maintained strength in the face of a struggling economy plagued with world event volatility and the continuing effects of a lingering pandemic. Excel has listened and identified your needs. We have done so with a core fundamental not-for-profit but for service strategy. With that in mind we have remained steadfast and innovative in devising extremely low rate loan products, services, and enhanced convenience for our members.

With the community charter we are now serving those who live, work, go to school or worship in the counties of Forsyth, Fulton, Gwinnett and Hall. Our future plans will be to establish locations; whether it best be served by new ATMS, branch locations or emerging technologies, and to bring broad range convenience to you and those in these communities.

You are a pivotal part of our progression. We encourage you to refer your friends, family members, and community to join in this growth and enjoy the ever strengthening benefits of Excel membership.

With seventy years of service we've got you!
